

PROABLED

OVERVIEW

As we believe that every person, no matter the challenges he/she is facing, has the right to be productive, have a decent job and earn a living, ProAbleD was launched to boost a shift in society's mindset from limiting capacities of people with physical disabilities to creating opportunities for them to prove that they are **PRO** fessionally **Able**

In order to achieve its goals, ProAbleD has 2 departments working together to offer a holistic inclusive solution:

PROABLED Academy provides HRs and managers in companies, employees with disabilities, architects and engineers with different consulting and training certificates in inclusive recruitment, work readiness and inclusive design.

The inclusion courses are designed to be a section of the university courses within the academic curriculum.

PROABLED Recruit. Online recruitment platform specialized in supporting companies to find the right candidates for their job vacancies among ProAbleD candidates with disabilities.

ProAbleD has supported 1,000 beneficiaries among companies, persons with disabilities, NGOs, INGOs, academic and public institutions. It is currently scaling internationally by building new partnerships and providing its services in several countries.

As a member of the UN Global Compact Network, ProAbleD has main objectives in targeting:

Experts from international organizations in the US, Europe and Lebanon joined effort to design the following certifications:

PROABLED CERTIFICATIONS: 4 COURSES

- Essentials of disability and inclusion
(for individuals and companies interested in inclusion)

- Inclusion strategy and corporate policies
(for managers and board members)

- Inclusive recruitment of employees with disabilities
(for HRs & recruiters)
